Subsequently, the ball will fly towards No. 11. How '3 resolve the Easter moon before starting a match, all players must equip the Gobblegum with "immolation '3 n liquida", as it will facilitate the acquisition '3 the wave gun, the Gersch device and the QED (Entanglement Device). It is possible that the hose may appear outside at the top of the moon near the construction materials '3 n. Throw in a Gersch device to suck the panels. Collect enough points until you can go through No. 6 or No. 11. You must play online with other players. Go behind it and shoot in the back. Throw a Gersch device at the ball that will be behind the four computers (the computer game "Samantha says"). This is by far the most involved activity in the zombies in Spaceland: collect it unlock key SoooooL achievement/trophy. Press and hold the "BotÁ '3 n Activate" button and '3 it. Return to the moon with the panels and then throw a QED device into the panels (connect to the computer). Acquire the hosea player in the form of S (or you) need to find the hose in the form of S. Play the game Samantha says again (which is harder the second time). After all the zombies have been killed, Richtofen needs to place the gold rod inside the panel in front of the pyramid. Make sure you're killing the zombies near the boxes. Teletrate to the moon with broken panels. It has been remastered for Black Ops 3 Zombies Dic.note that you can't complete the Moon Easter egg on Solo. The ship will blink if it has completed successfully, but if it fails, a brute will appear. After you do it successfully, an alien will generate this. Repeat this three times until you have killed him. Now you can do double -Punch Weapons, go to the corner pack-a-punch and immediately. The UFO will now be hostile and will start shooting him. No matter which one You are directed, since both tiles will take you to the energy room where the great pyrose is. Eventually, it will take you out and get caught in the upper part of a paraboneal antenna at the top of the moon facilities. Acquire the hacker device found in laboratory rooms. Each box needs to be filled with 25 zombie souls, therefore, a total of 100 zombies need to be killed. Hate the four green boxes illuminated with the Device hacker and press the four wall buttons. It will start flashing colors, remember the tones and colors! Now see the park and check these zones: the fountain, the source of gator, bumper cars, underground, trip to the space entrance, Racing 'stripes. Richtofen must use the computer on the moon and obtain the gold rod. She must interact with the computer for several minutes until the "gold rod" appears next to the computer. For one last, launch a Gersch device to the ball. Wait for Täºnel 6 to be destroyed by the excavator, then use hacker in the control panel in the spawning room to remove the excavator. They will teleport in the Telá © phono. After, press the switch nearby. Check each floor. The ball will get stuck inside the panel in front of the pyrose. Here, you will find the main Easter egg, as well as the way of making specific articles. Robbin Round's Gobblegum is ä igetil for this step, since the current zombie round ends. Check the walls and corners of each room. Each player will now get all the advantages! Samantha says computer game (again) you have not finished. Go below the stairs and look for four computers. Follow the ball and the knife (or shoot) if you get stuck. Opens Pack-A-Punch room.Collect all the pieces for SETI-COM and give it to Hasselhoff.Survive until the next round and watch the UFO next to Polar Peak. You should be in a corner of one of the tables. tables. computers will flash a color. The ball will be transported to the rockets behind you.Congratulations! You've completed the Black Ops 3 Zombies: Moon Easter egg.© 2017 Kain 360Mark on May 28, 2019:Of course you'd love it if its a little more explanatory like this on November 26, 2018:On BO3 you can make the moon Easter egg only through.eljah on December 31, 2017:good but exact location James on September 06, 2017:Well You can complete the EE on your own, as many of us have done Welcome to IGN's guide on how to complete each Easter Egg in Zombies in Spaceland in Call of Duty: Infinite Warfare. You will automatically match it to your weapon if it has an Arcane Core.You can do this process at any time, but you will have to survive several rounds for the UFO to cool off! Trash in the Arcade.The yellow table of the Kepler System.In the yellow bench room right outside the spawning room.About the yellow cart inside the Kepler system.On a counter inside the Racin' Stripes room.Inside the store inside Polar Peak.On the bench next to the slides.Adjacent to the Stellar Mission which is next to the terminal on the ground,Just before Polar Peak Bridge, turn right.In a bank inside the Kepler system, near Hasselhoff.In a trash can inside the Kepler system.Next to the Volk inside the Polar Peaks.Located underground, to the right of the Banshee Wall.Presented by MLB The The Show 22 Otherwise, the boxes will not consume your souls. This allows you to carry it with souls.After you have filled with the right amount of souls needed, the UFO will drop a small ball with the area element. The Wave Gun must be in assembled mode. You (or another player) must complete the computer color set called "Samantha Says".From left to right, the colors are as follows: Red, Green, Blue and Yellow.
